BOLD GOALS FOR OUR REGION

These bold goals represent the foundation on which we can more readily achieve our vision for a stronger community with a high quality of life for all. We believe there is power in the collective voice and collective will of our community. While these goals do not represent the totality of everyone's missions, they are fundamental to improving lives and creating lasting community change. Our community believes that if we address these goals, we will accelerate the achievement of the promise inherent in our shared agendas.
